

Science of Mind...

Is a teaching that empowers people by giving them the spiritual tools to change their lives!

Science of Mind teaches us to discover the strength, power and courage that is inherent within us. In part we do this by learning how to listen to our own inner teacher, use the power of Affirmative Prayer, and study Universal Principles for successful living. We recognize the power and the presence of God in our life.

Our lives are already built upon the Spiritual foundation of wholeness, power, truth, joy, peace, beauty and love.

We are not broken, there is nothing we need to heal, only something that needs to be revealed through us.

By applying Science of Mind principles in our everyday life, we plant seeds of success, whether it is for our health, wealth, creativity or in our relationships.

We honor all faith traditions and walks of life and are working to manifest a world that works for all. We invite you to become a part of the vision and connect with others.

Dr. Holmes, author of a *Science of Mind*, recognized that the Universe operates through the Law of God and that:

- There is a power in the Universe greater than you are, and you can use it!
- This Divine Intelligence surrounds and supports us.
- Every person is a divine creation of this Infinite Intelligence.
- We use our mind to tap into the Spiritual Truths of the ages.
- We know God is always there for us.

Welcome to COLUMBIA Center for Spiritual Living...

...Where our community supports individual growth for living a life filled with peace, possibility, and joy.

We learn how to apply spiritual solutions and practices to address the inevitable challenges of life. In fact, we begin to understand that these challenges don't happen 'to us' but rather 'for us.' The ensuing paradigm shift paves the way for yet unimagined fulfillment and empowerment.

We come to understand that in this Spiritual Universe, Love leads the way through Law.

*Our teaching is a correlation of
Laws of Science, opinions of
philosophy, and revelations of religion
applied to human needs and the
aspirations of humankind.*

*Change your thinking,
change your life!*
